

Redmine - Defect #15848

REST API: Cannot retrieve memberships of closed projects

2014-01-10 17:18 - Felix Schäfer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:	2.5.0	Affected version:	
Resolution:	Fixed		
Description			
<p>A customer of ours (Planio) uses the REST API to read amongst other things project memberships (/projects/:id/memberships.xml), which currently is not possible for closed projects, as :members => :index is not declared as a read-only action. We believe this is a bug.</p> <p>Furthermore, this is complicated by the project API not returning the state of a project (#15815), which means he actually still needs to poll all project memberships and needs to "guess" that "406 not allowed" errors are closed projects.</p>
