Target version:				
Resolution:			**Affected version:**	

Description

There might be a problem with the vertical alignment of highlighted code blocks (it works without highlighting).

see the attached screenshot or this comment: #3163#note-11

History

Maybe you inserted line break between </code> and </pre>. Please don't line break there and you will get expected output.

```
<pre><code class="css">
div.wiki img {vertical-align:middle; max-width:100%;}
</code></pre>
```

```
div.wiki img {vertical-align:middle; max-width:100%;}
```
