Description

I installed the trunk version of Redmine ("Redmine 0.7.devel.1645 (PostgreSQL)") and try to use the gantt diagram but it looks like a mess : <http://www.euphorik.ch:81/projects/gantt/euk>.

I dont know if it matters but I use Rails 2.1.0-1 and libmagick-ruby version 2.5.1-1 under Debian Sid.

My browser is Firefox 3 (same behaviour with Opera 9.51).

Hi there,

I am having the same problem.

Are there plans to fix this in 1.8.7? If so, I do not mind waiting for that to happen.

If there are no plans to fix this in 1.8.7 in the near term (i.e. within 1 month), I will downgrade my ruby installation to 1.8.6.

Regards

yep :

```
$> ruby --version  
ruby 1.8.7 (2008-06-20 patchlevel 22) [x86_64-linux]
```

#4 - 2008-07-09 19:16 - Jean-Philippe Lang

- Category set to UI

- Status changed from New to Closed

- *Target version set to 0.8*

- *Resolution set to Fixed*

Occurs with ruby 1.8.7 only. Fixed in [r1647](#).
