Target version:				
Resolution:			**Affected version:**	2.5.0

Description
Hello,
I had the problem that long issue text pass over the box when I export an issue as pdf.
Applying Patch #14466 solved the problem.
But now I (still?) have the following problem: When I want to export very! long issue text. The text is totally out of box and an empty box is shown on the next page.
Look attachment: issue 554 is exported correctly issue 555 is exported incorrectly
Thank you

I think to this is #14466 patch (pdf.rb.patch)'s problem.

I couldn't reproduce this problem at Redmine 2.4.6.
And, I couldn't reproduce this problem at Redmine 2.6.0(with rbpdf 1.18.2), too. ;)

#4 - 2014-10-27 09:54 - Felix Muster

Yeah,
in version 2.6.0 and now with the actual gem, that also works fine!
