Description I recently changed the default columns list in Administration -> Settings -> Issue Tracking tab, which works when looking at the list of issues, but has no effect on the list of Subtasks displayed on an Issue details page. (See attached images.) Environment: Redmine version 2.5.0.stable.12980 Ruby version 1.9.3-p484 (2013-11-22) [x86_64-linux] Rails version 3.2.17 Environment production Database adapter MySQL2 Redmine plugins: redmine_dmsf 1.4.8 devel redmine_time_tracker 0.4
