Redmine - Feature #1665

Ability to delete tracker comments

2008-07-20 14:18 - Derek Montgomery

Status:	Closed		**Start date:**	2008-07-20
Priority:	Normal		**Due date:**	
Assignee:			**% Done:**	0%
Category:	Issues		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Fixed			

Description			
Internet is NOT a friendly place anymore and when you let anonymous people post on trackers, you often get spam in the comments. An option to delete those would be nice (not to mention an antispam system or even just a link counter that would deny comment if links are too many)

History

#1 - 2008-07-20 18:44 - James Turnbull

- Status changed from New to Resolved

You can delete comments. Edit the comment and remove all content and if empty the comment will be removed.

#2 - 2008-07-20 19:58 - Derek Montgomery

Tricky. Thanks.

#3 - 2009-02-19 13:20 - Jens Goldhammer

How can I edit the comment? Is it only possible to delete the own comment?

#4 - 2010-01-19 11:15 - Andreas Wenger

That is not true.

If there is a file attached, you can remove the text, but the file will stay there!
Please add a delete button or something like that.

Actually you can delete the file, but the comment still stays there.

#6 - 2011-02-11 20:58 - Brian Lindahl

created a related patch for rolling back journal entries [#7610](#7610)

This rolls back the changes made to the issue as well as removing the journal entry. Note that this capability is only enabled for the last journal entry (for obvious reasons).

- Status changed from Resolved to Closed

- Resolution set to Fixed

You can delete notes if you have sufficient permission. In addition, delete button was added by [#1725](#1725).
