

Redmine - Feature #17077

fetch_changesets should use POST method too

2014-06-04 09:30 - Aurélien Patour

Target version: 2.6.0	
Resolution: Fixed	
Description We use fetch_changesets to link Redmine issues with our git commits within another application. Unfortunately, it only uses the POST method - so we had to add it to the redmine code : <pre>- match 'sys/fetch_changesets', :to => 'sys#fetch_changesets', :via => :get + match 'sys/fetch_changesets', :to => 'sys#fetch_changesets', :via => [:get, :post]</pre> Could you please add it to a future Redmine version ? Thanks !	
Related issues: Has duplicate Redmine - Feature #17169: Allow POST in sys/fetch_changesets Closed
