

Redmine - Defect #17484

Custom fields added to "spent time" don't show in context menu

2014-07-16 17:17 - Roland Giesler

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Time tracking	Estimated time:	0.00 hour
Target version:	2.6.0	Affected version:	2.3.2
Resolution:	Fixed		
Description			
<p>I have added a custom field to "spent time" as shown in the attached file.</p> <p>!Screenshot from 2014-07-16 16:46:19.png!</p> <p>I also have a custom field in "issues" as shown in the next attached file.</p> <p>When I right click the issue in the list, I get a context menu which allow easy setting of the fields. I can tick something invoiced or not. See the next attachment.</p> <p>However, when I right click the detail of "spent time", the menu doesn't show all the fields and also not the custom field. Se the fourth attachment.</p> <p>This seems to be a defect, but it could be by design. If it is by design, then I'll change this to a feature request. However, in either case, this cannot be to difficult to fix or what?</p> <p>Thank you!</p>
