

Redmine - Patch #17900

Allow change value of the time\_entry object via controller\_issues\_edit\_before\_save hook from a plugin

2014-09-17 16:34 - Tieu-Philippe Khim

<b>Status:</b>	New	<b>Start date:</b>

<b>Target version:</b>			
<b>Description</b>			
At the moment we could not made some modification on time_entry from controller_issues_edit_before_save hook. Because the object created is push in time_entries attribute, so a plugin using the controller_issues_edit_before_save hook could not access to the latest entry and change the value if needed.  The attached patch make that possible.

I'm interested by the apply of this patch !
<b>#2 - 2017-06-22 17:47 - Paul Thevenot</b>
I'm also interested! Could we know if it will be applied and when?
