

Redmine - Defect #18032

Continued numbered lists (#\_) are not working as the textile syntax expects

2014-10-04 23:06 - Michel Behr

Status:	New	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:		Affected version:	2.5.2
Resolution:			
Description			
1. Item 1			
Some text			
#_ Item 2 (counting continued from the last Item, with the #_ marker)			
Some text			
#_ Item 3 (counting continued from the last Item, with the #_ marker)			
Each item should be rendered as 1, 2, 3, but this is not happening.

- #2 - 2014-11-20 12:24 - John Wilcox
- Textile also specifies starting numbering from specified number like this:
- !# Item 1 (ignore the exclamation mark)
- random text
- #4 Item 2
- Result should look like this:
1. Item 1
- random text
4. Item 4
- #3 - 2014-11-20 12:40 - Toshi MARUYAMA
- Related to Feature #18397: Outline numbering added

- hello, i was confronted with the same problem but i think, i managed to solve it (with space on the following line after "#"; " \_" means a space, because otherwise it would not display it riht):
- written:
- # first item
- \_description of the first item
- # continuing the list with item 2
- ## this is item 2.2.
- if you want a break between for between example 1. and 2. (please mind, " \_" is a space the linebreak is "&nbsp;");):

# first item  
\_&nbsp; ;  
# second item

**displays:**

- 1. first item  
description of the first item
- 2. continuing the list with item 2  
1. this is item 2.2.

if you want a break between for example between 1. and 2. (please mind, " \_ " is a space the linebreak is " " ):

- 1. first item
- 2. second item

i hope its not too late (and sorry i had to correct it several times), cheers
