

Redmine - Defect #18475

REST XML API is unable to create a new issue with multiple attachments

2014-11-27 15:53 - kim roose

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	REST API	Estimated time:	0.00 hour
Target version:		Affected version:	2.5.3
Resolution:	Invalid		
Description I can upload multiple files just fine, XML serialization is no problem when using an array of size 1, issue gets oploaded correctly with attachment added. When serializing a bigger array (eg 2 attachments) when uploading a new issue there are no issues visible once uploaded.			

History

#1 - 2015-01-10 22:27 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Invalid

You need to use type="array" attribute for arrays. See the test for this:
