Description			
This patch improves use of html elements on project landing page.			
It			
<ul style="list-style-type: none">• wraps all kind of "labels" in <code>...</code><ul style="list-style-type: none">◦ e.g. the member roles in the member box• changes content of the member box to one paragraph per role instead of one paragraph for all roles• wraps news comment label in a <code>...</code>			
This is useful if you'd like to bolden the member roles for example.
