

## Redmine - Defect #19253

### Repository users broken if only one committer exists

2015-03-03 12:10 - Kevin Neuenfeldt

<b>Status:</b>	Closed	<b>Start date:</b>

<b>Target version:</b>	3.0.1	<b>Affected version:</b>	3.0.0
<b>Resolution:</b>	Fixed		
<b>Description</b>			
First thanks for the great work and the new major version.			
I just updated from 2.6.1 to 3.0.0. My environment looks like the following:			
Environment:			
Redmine version	3.0.0.stable		
Ruby version	1.9.3-p484 (2013-11-22) [x86_64-linux]		
Rails version	4.2.0		
Environment	production		
Database adapter	PostgreSQL		
When I navigate to the repository tab of a projects settings where only one committer contributed to the repository and click on "Users" I get the following error:			
<pre>Started GET "/repositories/8/committers" for xxx at 2015-03-03 12:02:24 +0100 Processing by RepositoriesController#committers as HTML Parameters: {"id"=&gt;"8"} Current user: xxx (id=1) Completed 500 Internal Server Error in 18ms  NoMethodError (undefined method `compact!' for #&lt;User::ActiveRecord_Relation:0x007f8d1586a480&gt;): app/controllers/repositories_controller.rb:98:in `committers'</pre>			
This does not happen if the repository I want to configure has more than one contributor.			

#### Associated revisions

##### Revision 14053 - 2015-03-07 17:21 - Jean-Philippe Lang

Fixed undefined method `compact!' error when additional\_user\_ids is empty (#19253).

##### Revision 14062 - 2015-03-08 10:44 - Jean-Philippe Lang

Merged r14053 (#19253).

#### History

##### #1 - 2015-03-03 12:25 - Toshi MARUYAMA

- Target version set to 3.0.1

##### #2 - 2015-03-05 00:01 - Dmitry Popov

I fixed it by adding .to\_a on line 97

```
@users = @project.users.to_a
```

##### #3 - 2015-03-07 17:22 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Fix committed in [r14053](#) with a test. Thanks for pointing this out.
