

Redmine - Defect #1927

Ill formed error message causes crash.

2008-09-19 21:45 - Mike Tegtmeier

| | | | |
|--|---------------------------|--------------------------|------------|
| Status: | Closed | Start date: | 2008-09-19 |
| Priority: | Normal | Due date: | |
| Assignee: | | % Done: | 0% |
| Category: | Accounts / authentication | Estimated time: | 0.00 hour |
| Target version: | 0.8 | Affected version: | 0.7.3 |
| Resolution: | Fixed | | |
| Description | | | |
| OK, | | | |
| I don't know ruby but if all of the proper attributes are not given in ldap authentication in settings (Firstname, lastname, and email are stated as optional but are not actually) then the failure message causes a crash. | | | |
| The ill formed error message seems to come from on line 114 if user.rb | | | |
| <pre>logger.error("User '#{onthe-fly.login}' found in LDAP but could not be\ created (#{onthe-fly.errors.full_messages.join(', ')}") if logger</pre> | | | |
