I tried the patch.

Description can be seen on `/projects/*/settings` screen.

The screenshot shows a settings panel with two sections: 'Trackers' and 'Custom fields'. Under 'Trackers', the 'Bug' checkbox is checked. Under 'Custom fields', the 'Resolution' checkbox is checked. A 'Save' button is located at the bottom left. A tooltip with the text 'How this issue was treated' is positioned over the 'Resolution' checkbox.

#8 - 2015-03-15 11:18 - Jean-Philippe Lang

- Subject changed from *Description* for custom fields to *Include custom fields description* in project settings and issue view

- Target version set to *3.1.0*

#9 - 2015-03-21 11:25 - Jean-Philippe Lang

- Status changed from *New* to *Closed*

- Assignee set to *Jean-Philippe Lang*

Patch committed in [r14154](#) with slight changes, thanks.
