Category:			**Estimated time:**	0.00 hour
Target version:				
Resolution:	Invalid		**Affected version:**	2.5.1

Description

Hi everyone,

the issue is described here :

when I am trying to search a word on the database using the search bar the application display this message.
"
An error occurred on the page you were trying to access.
If you continue to experience problems please contact your Redmine administrator for assistance.
"

I don't know if it is a server problem or application problem.

Thanks
