Target version:			
Resolution:		**Affected version:**	

Description

In 0.6.devel.1093 I cant create a locked sticky topic and the error is that its locked. I had to create it then edit it and set it locked.

One should be allowed to create a locked topic, since its new, rather than create then edit and set to locked.

(ps there is no forums category in the bug dropdown)

History

#1 - 2008-01-23 12:50 - Jean-Philippe Lang

Fixed in [r1095](). And category added.
Thanks
