<b>Resolution:</b>	
<b>Description</b> I am using Redmine 3.0.2. I have 3 user one is admin one is manager and last developer. Now when manager assign issue to developer, developer will change % done from 0-100 for example 40%. Now what I want is when developer select 40% done then next time % done should come from 41-100 %. Is it possible ?	

### History

#### #1 - 2015-06-13 13:58 - Toshi MARUYAMA

- Tracker changed from Patch to Feature
- Subject changed from *Is it possible to lock % done in redmine 3.x?* to *lock % done (e.g. from 41-100 %)*
