Do you intend to change csv separators on **only** es-PA.yml?

Sorry forgot about that change. I should have created another patch for that.

I changed that because on Windows Spanish/Panama is set with those **separator**.

I realized that when I opened a generated csv file from redmine with es-PA.

Excel did not show the separations correctly (Windows with Spanish/Panama).

#5 - 2015-07-04 07:18 - Toshi MARUYAMA

- Subject changed from Spanish translation for r14276 to Change csv separators of Spanish/Panama

#6 - 2015-07-04 07:18 - Toshi MARUYAMA

- Status changed from Needs feedback to Closed

- Target version set to 3.1.0

Committed in trunk and 3.1-stable, thanks.
