

Redmine - Defect #20268

"Display comments - in reverse chronological order" doesn't affect forums

2015-07-08 08:42 - Marc Richter

Status:	Closed	Start date:	
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:	Forums	Estimated time:	0.00 hour
Target version:		Affected version:	3.0.4
Resolution:	Duplicate		
Description Hi everyone, when a user has set "Display comments - in reverse chronological order" in his personal preferences, this seems to only affect comments in issues. It would be great if this would affect forums messages, also or if there were the same possibility to define this order for forums, too. It seems as all redmine versions are affected, including latest.			
Related issues: Is duplicate of Redmine - Patch #11120: Order replies of messages boards base... New
