

Redmine - Defect #20313

Activity pane not showing all ticket modifications

2015-07-14 23:20 - Daniel Widerin

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Activity view	Estimated time:	0.00 hour
Target version:		Affected version:	3.0.4
Resolution:	Invalid		
Description			
After upgrading from 2.6.x to 3.0.x the activity pane has a different behaviour than before. Some activity is missing. Seems also the ticket activity is affected of the same issue. That's what i found out so far:			
<ul style="list-style-type: none">• Change ticket property, save. Activity is missing• Change ticket properties, add a note. Activity works correctly.

- Status changed from New to Needs feedback

Activity entry is added for a status change or when a note is added. Not for changes of other attributes. This behaviour did not change from 2.6 to 3.0.

I can confirm that this behaviour *did not change* from 2.6 to 3.0. Maybe a plugin issue?

Sorry for the noise, this was caused by v0.11 of the scrum plugin and fixed with v0.12 here:

Since i'm unable to close, please reject.
