

Redmine - Defect #20437

Unable to read email from stdin. Invalid option: --unknown-user

2015-07-29 16:32 - Pavel Potcheptsov

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Email receiving	Estimated time:	0.00 hour
Target version:		Affected version:	2.6.5
Resolution:	Invalid		

Description

```
Environment:
  Redmine version      2.6.5.stable.14266
  Ruby version         1.9.3-p327 (2012-11-10) [i686-linux]
  Rails version        3.2.21
  Environment          production
  Database adapter     Mysql2

# cat /root/raw_email
bla-bla

Project: it

# rake redmine:email:read RAILS_ENV="production" --unknown-user accept --no-permission-check priority=normal status=new tracker=task allow_override=project < /root/raw_email
invalid option: --unknown-user
# rake redmine:email:read RAILS_ENV="production" --unknown-user=accept --no-permission-check priority=normal status=new tracker=task allow_override=project < /root/raw_email
invalid option: --unknown-user=accept

Authentication required is not selected.
Anonymous has Add issues permission and added to project with identifier it.
```

History

#1 - 2015-07-29 16:51 - Pavel Potcheptsov

```
# rake -f ./Rakefile redmine:email:read RAILS_ENV="production" unknown-user=accept no-permission-check=1 priority=normal status=new tracker=task allow_override=project < /root/raw_email
rake aborted!
```

```
Don't know how to build task 'unknown-user=accept'
/usr/local/rvm/gems/ruby-1.9.3-p327/bin/ruby_executable_hooks:15:in `eval'
/usr/local/rvm/gems/ruby-1.9.3-p327/bin/ruby_executable_hooks:15:in `'
(See full trace by running task with --trace)
```

```
# tail production.log
MailHandler: ignoring email from unknown user []
```

#2 - 2015-07-30 02:40 - Go MAEDA

- Status changed from New to Needs feedback

- Priority changed from High to Normal

Please use "unknown_user" and "no_permission_check" instead of "unknown-user" and "no-permission-check".
"-" should be corrected to "_".

```
bundle exec rake redmine:email:read RAILS_ENV="production" unknown_user=accept no_permission_check=1 priority=normal status=new tracker=task allow_override=project < /root/raw_email
```

#3 - 2015-07-30 08:47 - Pavel Potcheptsov

- File `rm_anon_issue.png` added

Thanks, it works.

But is there a way to specify Issue's body, subject and author while using `redmine:email:read` rake task?
