Redmine - Patch #20506

redmine I18n autoload instead of require

2015-08-11 01:55 - Ondřej Ezr

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Code cleanup/refactoring		**Estimated time:**	0.00 hour
Target version:	3.2.0			

Description

redmine/i18n is required in redmine.rb, but row above it is autoloaded by rails and thus both mechanisms are loading it. It is problem in some of my patches. But it is basically bad idea to mix those behaviours. (My vote goes for a rails autoloading...)
