Category:	UI		**Estimated time:**	0.00 hour
Target version:				
Resolution:	Duplicate		**Affected version:**	0.7.3

Description

The newline characters in the commit description are not replaced with "<br/>" HTML tags. As a result, a long description with multiple lines is shown as one long sentence which make it difficult to read. I do understand that this should not be the expected behavior for the title of the activity but on the description is desirable.

This is only happening in the HTML view.
