Redmine - Feature #2077

Textile/RedCloth; add support for acronyms

Description

It would be nice to have support for RedCloth's Acronym-syntax since especially within project-management a lot of acronyms/abbreviations are used.

The reason why this syntax isn't available in Redmine is not clear to me. IMHO this is functionality which is provided by RedCloth. So it maybe is removed since I understand that Redmine uses a modified version of the RedCloth-library?

Associated revisions

Revision 1956 - 2008-10-27 12:50 - Jean-Philippe Lang

Adds back textile acronyms support (#2077).
