

Redmine - Defect #209

cvcs repository can't show files

2008-02-01 05:57 - Iñaki Ibarrola

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution: Invalid	

Description

When a file is clicked in the repository view Redmine that the file doesn't exist in the repository.

CVS 1.12.13 is bieng used.

This is the server output when tryng to access the file:

```
cvcs rls: Listing module: `Module/file.xml'  
cvcs [rls aborted]: received abort signal  
cvcs: ls.c:400: ls_fileproc: Assertion `p' failed.
```

History

#1 - 2008-02-04 11:45 - Iñaki Ibarrola Atxa

CVS 1.12.13 was being used in the client side, but it is neccessary also to use it in the server side. I've updated it in the server side and it works ok now.

I am the bug reporter but I can't close it due the change fron RubyForge, please close it.

#2 - 2008-02-16 19:11 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Invalid

OK, thanks for the feedback.
