

## Redmine - Defect #21

### RSS feed on custom reports not displaying subproject changes

2007-03-20 07:32 - Jeffrey Jones

<b>Resolution:</b>	
<b>Description</b>	
<p>Have just found the RSS feeds section and it looks very impressive.</p> <p>If you create a custom report that has subprojects included (tested with "all" selected and 4 sub-projects) then the RSS feed based on it only includes (for example "Details of all changes") only lists changes to issues in the parent project.</p> <p>Tested on latest subversion trunk</p>
