Category:	Attachments		**Estimated time:**	0.00 hour
Target version:	0.8			
Resolution:	Fixed		**Affected version:**	

Description

I am using the following redmine / environment:

1. database version: mysql-server-5.0.51a-1.fc9.i386
2. ruby version: ruby 1.8.6 (2008-03-03 patchlevel 114) [i386-linux]
3. rails: 2.1.0
4. redmine version: trunk revision 1957

"Normal" inline images (e. g. in an image update) work fine.
However the inline images do not work when using either

- image file names with upper case letters
- images in BMP format

Refer to the attached images for details:

- uploaded files + textile of issue note:
  s240.png
- result:
  s241.png

Associated revisions

Revision 1958 - 2008-10-28 11:43 - Jean-Philippe Lang

Fixed: Inline images don't work if file name has upper case letters or if image is in BMP format (#2102).

History

#1 - 2008-10-28 01:21 - Arndt Lehmann

- File s239.png added

- File s240.PNG added

- File s241.bmp added

Trying to reproduce on this issue itself.

works:
  s239.png

does not work - upper case problem:
  s240.PNG

does not work - BMP problem:
  s241.bmp

#2 - 2008-10-28 01:22 - Arndt Lehmann

Successfully reproduced on this issue itself.
(Note: I am using Firefox 3.0.3)

And anyway, thanks for this great software!

#3 - 2008-10-28 11:41 - Jean-Philippe Lang

- Category set to Attachments

- Status changed from New to Closed

- Target version set to 0.8

- Resolution set to Fixed

Fixed in [r1958](#).
