

Redmine - Patch #21110

Keep anchor (i.e. to a specific issue note) throughout login

2015-10-30 06:26 - Jens Krämer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Accounts / authentication	Estimated time:	0.00 hour
Target version:	3.2.0		
Description			
Problem			
When not logged in and following a 'deep' link to a specific issue note, the user is first redirected to the sign in form, and after successful login the user is just sent to the top of the issue page because the anchor (i.e. #note-23) got lost along the way.			
Solution			
The anchor is not transferred to the server, so in order to keep it we need to introduce a bit of Javascript to preserve it when the login form is submitted.

Keep anchor (i.e. to a specific issue note) throughout login (#21110).

Patch by Jens Krämer.

History

#1 - 2015-10-30 09:49 - Jean-Philippe Lang

Works fine with Firefox, but doesn't work with Chrome 46.

#2 - 2015-10-30 10:43 - Jens Krämer

Oh. Any JS errors? Chrome 45 works.

#3 - 2015-10-30 11:27 - Jens Krämer

I just checked in Chrome 47 / Linux and had a colleague check Chrome 46 / OSX 10.9 and both worked fine as well.

#4 - 2015-10-30 12:00 - Jean-Philippe Lang

- Status changed from New to Closed
- Assignee set to Jean-Philippe Lang
- Target version set to 3.2.0

Sorry, my fault. Committed in r14767, thanks.

#5 - 2017-02-07 09:08 - Christian Damen

Workin' great. Thanks a lot Jean-Philippe :-)

Checked with Chrome 56, IE 11, Firefox 50.1
