

Redmine - Patch #21160

Add "View all projects" link to "Latest projects" box on "Home" view

2015-11-05 15:39 - Go MAEDA

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: UI	Estimated time: 0.00 hour
Target version:	

Description

"Latest projects" box in "Home view" lacks "View all projects" link. I think it should be implemented for usability and consistency. Reasons are following:

- Moving mouse cursor to top menu in order to view other project is quite annoying.
- "Latest news" box already has "View all news" link. "View all projects" link should be placed for consistency.

"Latest Projects" box should have "View all projects" link for usability and consistency.

"Latest News" box already has "View all news" link.

History

#1 - 2015-11-05 15:44 - budo kaiman

+1 the projects link in top is easily missed, this is much easier to find.

#2 - 2015-11-09 03:14 - Go MAEDA

- Related to Feature #21148: Remove "Latest Projects" from Home page added

#3 - 2015-11-15 13:36 - Toshi MARUYAMA

- Status changed from New to Closed

"Latest projects" is removed by [r14877](#) ([#21148](#)).
