

Redmine - Feature #21193

Email notification on issue Note update/modification

2015-11-09 10:12 - Sebastian Paluch

Status: Closed	Start date:
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category: Email notifications	Estimated time: 0.00 hour
Target version:	
Resolution: Duplicate	
Description	
<p>There are permissions allowing to edit (own) notes but after such modification no email notification is send.</p> <p>It seems a usable feature to modify notes, correct mistakes or maybe specify more info in single place. Unfortunately, email notification is send only when the note is created and further modifications may stay unnoticed by watchers.</p> <p>It would be good to see another option "Note modified" under Settings->Email Notifications->Select actions for which email notifications should be sent->Issue updated.</p>

History

#1 - 2015-11-09 11:04 - Toshi MARUYAMA

- Tracker changed from Defect to Feature

- Subject changed from No email notification on issue Note update/modification to Email notification on issue Note update/modification

#2 - 2016-01-27 12:59 - Alexandru Ghica

+1 for this feature. I really miss it and will be quite nice to have it implemented.

#3 - 2016-02-08 14:18 - Inese Ez
