

Redmine - Defect #21433

"version-completed" class is never set when version has no due date

2015-12-06 13:10 - Tobias Fischer

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:	Jean-Philippe Lang	% Done:	0%
Category:	Roadmap	Estimated time:	0.00 hour
Target version:	3.3.0	Affected version:	3.1.3
Resolution:	Fixed		
Description			
Test case:			
<ol style="list-style-type: none">1. Create a new version with no due date2. Add a new issue to this version3. Close the issue4. Close the version			
The HTML code in Roadmap view will still look like this:			
<pre><article class="version-article version-incompleted"></pre>			
However, all tickets in the version are closed and the version itself is closed. I'd call the version "completed" in this case, wouldn't you?			
The patch from #19341 doesn't seem to work when no due date is set.

Revision 15019 - 2016-01-09 10:10 - Jean-Philippe Lang

Closed versions should be marked as completed (#21433).

History

#1 - 2016-01-04 06:08 - Toshi MARUYAMA

- Target version set to 3.1.4

#2 - 2016-01-04 12:31 - Toshi MARUYAMA

- Related to Patch #21434: Additional CSS class for version status added

#3 - 2016-01-09 10:10 - Jean-Philippe Lang

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

#4 - 2016-01-21 05:47 - Jean-Philippe Lang

- Status changed from Resolved to Closed

- Target version changed from 3.1.4 to 3.3.0

[r15019](#) slightly changes the behaviour of Version#completed? I prefer to not merge it in stable branches.

#5 - 2016-01-21 09:53 - Tobias Fischer

Sounds reasonable. Thanks, Jean-Philippe!
