<b>Description</b> Due to <a href="#">#20688</a> , the sum of "estimated hours" or "spent hours" became able to be displayed on issue list and details. However, these value are not supported on REST API. I need to get them named "total_spent_hours" and "total_estimated_hours" via REST API.

Tests have not yet been written.

I would be glad if rejected child issues could be excluded from sum of estimated hours.

I think API should return same values as displayed on web UI. If you want the feature on Web UI, you would be better to create another issue on this site.

I do appreciate Takashi Ichihashi's work. I would be very happy if I could see the feature in Redmine 3.3.0.

I have updated the patch:

- Compatible with latest trunk ([r15148](#))
- Added tests

#5 - 2016-03-01 07:20 - Takenori TAKAKI

- File feature-21757\_trunk\_r15148.patch added

#6 - 2016-03-02 01:36 - Go MAEDA

- Target version changed from Candidate for next major release to 3.3.0

Works fine for me and passed all tests. Setting target version to 3.3.0.

@Takenori, thanks for adding tests to my patch.
