Category:		Estimated time:	0.00 hour
Target version:		Affected version:	3.2.0
Resolution:	Invalid		
Description			
After updating redmine to the latest version (3.2.0) i tried to install some plugins without success.			
The plugin shows to be compatible, the migrating process terminates without warnings or errors, but the plugins doesn't show up in the plugins list, and anything else occurs, not even an error in Redmine!
