<b>Target version:</b>	3.3.0		
<b>Resolution:</b>	Fixed		
<b>Description</b>			
In trying to style the options section of the issue list, gantt view, and so on, we ( <a href="#">Planio</a> ) noticed there is no easy or explicit way to target those with CSS. We propose adding an options id to that section and similar classes as in the filters in the contents.			

#### Associated revisions

##### Revision 15255 - 2016-03-19 10:07 - Jean-Philippe Lang

Add id and class for easier styling of query filters (#22018).

Patch by Felix Schäfer.

#### History

##### #1 - 2016-02-12 07:17 - Felix Schäfer

- File 22018-class\_and\_id\_for\_options.patch added

The attached patch adds the options id where needed and the field class for the "first" column of enclosed tables containing the names of the fields, similar to the filters. The remaining columns could probably use some classes too, be we weren't sure what to call them :-)

Thanks!

##### #2 - 2016-02-15 02:19 - Go MAEDA

- Target version set to 3.3.0

##### #3 - 2016-03-19 10:07 - Jean-Philippe Lang

- Subject changed from Add id and class for easier styling to Add id and class for easier styling of query filters

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Committed in [r15255](#), thanks.

##### #4 - 2016-03-19 10:10 - Felix Schäfer

Thanks!
