Redmine - Defect #22072

Private notes get copied without private flag to Duplicate issues

2016-02-17 22:11 - David Robinson

Status:	Closed		**Start date:**	
Priority:	Normal		**Due date:**	
Assignee:	Jean-Philippe Lang		**% Done:**	0%
Category:	Security		**Estimated time:**	0.00 hour
Target version:	2.6.10			
Resolution:	Fixed		**Affected version:**	2.6.9

Description

When I change the status on an issue that has related issues that are related as "duplicates" of the issue, and I write a private note and change the status on the issue at the same time, this private note gets copied as NOT private to the duplicate issues.

To reproduce:

1. Create issue #xxxx.
2. Create issue #yyyy.
3. Establish relationship: #yyyy duplicates #xxxx.
4. Edit #xxxx
    - Change status
    - Write private note
    - Save

The private note will be copied to #yyyy along with the status, but will **not** be private on #yyyy.

Associated revisions

Revision 15196 - 2016-03-12 09:21 - Jean-Philippe Lang

Private notes get copied without private flag to Duplicate issues (#22072).

Revision 15207 - 2016-03-12 11:03 - Jean-Philippe Lang
