

## Redmine - Feature #22147

### Change "Related issues" label for generic grouped query filters

2016-03-05 20:35 - Sebastian Paluch

<b>Status:</b>	Closed	<b>Start date:</b>	
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Jean-Philippe Lang	<b>% Done:</b>	0%

<b>Target version:</b>	3.3.0		
<b>Resolution:</b>	Fixed		
<b>Description</b>			
The helper added to group filters of ":tree" and ":relation" type uses ":label_related_issues" as group label.			
<pre>module QueriesHelper   include ApplicationHelper    def filters_options_for_select(query)     ungrouped = []     grouped = {}     query.available_filters.map do  field, field_options        if [[:tree, :relation]].include?(field_options[:type])         group = :label_related_issues       elsif field =~ /^(.+)\./         # association filters       end     end   end end</pre>			
This is not OK as the helper is for all queries, not only for Issue queries. In my case I have a project query and group title "Related issues" does not match.			
I would like to propose creating new, more generic label e.g. "label_related: Related".			
<b>Related issues:</b>

- Category deleted (Translations)

##### #3 - 2016-04-04 07:12 - Toshi MARUYAMA

- Status changed from New to Needs feedback

field\_options[:type] is not translated word. It is symbol defined at [source.tags/3.2.1/app/models/query.rb#L212](https://source.rubygems.org/versions/3.2.1/app/models/query.rb#L212).

Does it mean you use plugin which implement project query?

**#7 - 2016-04-04 07:55 - Sebastian Paluch**

I have past in code that shows you where the :label\_related\_issues translation is used, I'm not talking about field\_options[:type].

Yes, I have a plugin that implements project queries and in such case group called "Related Issues" is dummy. It should be more generic.

**#8 - 2016-04-04 08:06 - Toshi MARUYAMA**

- Subject changed from Change translation for grouped query filters to Change "Related issues" for generic grouped query filters

- Status changed from Needs feedback to New

- Target version set to 3.3.0

**#9 - 2016-04-24 13:52 - Jean-Philippe Lang**

- Subject changed from Change "Related issues" for generic grouped query filters to Change "Related issues" label for generic grouped query filters

- Category set to UI

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Resolution set to Fixed

Replaced with :label\_relations.
