

Redmine - Defect #2217

Custom Field does not show up on cross-project issue list 'Add filter' drop-down

2008-11-20 19:12 - Ben Coleman

Status:	Closed	Start date:	2008-11-20
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Custom fields	Estimated time:	0.00 hour
Target version:	0.8	Affected version:	0.7.3
Resolution:	Fixed		
Description I've just added a Boolean Custom Field, marked as valid for all trackers, with 'For All Projects' and 'Used as a Filter' set true. It shows up on the project issue lists 'Add Filter' drop-down, but fails to show up on the cross-project 'Add Filter' drop-down. Seems to me in this situation it makes sense for it to be possible to filter on a custom field on the cross-project issue list.			

History

#1 - 2008-11-20 20:49 - Jean-Philippe Lang

- Status changed from New to Closed
- Target version set to 0.8
- Resolution set to Fixed

This feature was added in [r1576](#) and is not available in 0.7.3.
This will be supported in 0.8 that should be released soon.
