I moved sub-projects after to create them (changed parent). But the hierarchy shown in the trackers page corresponds to the creation time (parent = parent at creation).

#3 - 2016-05-15 17:00 - Toshi MARUYAMA

I cannot reproduce on vanilla Redmine [3.2.2](#).  
Do you use plugins?

#4 - 2016-05-15 17:35 - fabrice salvaire

I was confused by my zillion of subprojects ... In fact it shows archived sub-projects. Thus I don't know if it is expected.

#5 - 2020-12-26 05:55 - Go MAEDA

- Status changed from Needs feedback to Closed  
- Resolution set to Cant reproduce
