

Redmine - Patch #23389

Print Styles get overridden by responsive media query

Description

Currently the responsive styles get applied not only to screen, but also override print styles. For example, the top padding of the #main container for mobile devices will also be applied when printing a redmine page. If the print styles need to be further optimized, that should happen in the media query for print.

I am attaching a patch which fixes the media query so it does not get applied when printing pages.

Associated revisions

Revision 15778 - 2016-08-31 19:11 - Jean-Philippe Lang

Change responsive media query to screen only (#23389).

Patch by Felix Gliesche.

Revision 15779 - 2016-08-31 19:11 - Jean-Philippe Lang

Merged r15778 (#23389).

Revision 15780 - 2016-08-31 19:12 - Jean-Philippe Lang

Merged r15778 (#23389).

History

#1 - 2016-07-20 13:07 - Go MAEDA

- Target version set to 3.3.1

#2 - 2016-08-31 19:12 - Jean-Philippe Lang

- Status changed from New to Closed

- Assignee set to Jean-Philippe Lang

- Target version changed from 3.3.1 to 3.2.4

Committed, thanks. I've merged it into 3.2 stable as well.
