Description
I wrote patch for Revision block in "Repositories" to see not only the difference but also the contents.
And if the "Activity" is pushed when the Repository is set , check the new revision.

"And if the "Activity" is pushed when the Repository
is set , check the new revision"
Nice idea!

#2 - 2007-11-23 03:44 - Derek Montgomery

"I wrote patch for Revision block in "Repositories"
to see not only the difference but also the contents."

Link doesn't work for me in rev 923.

Great, works like a charm.
Really useful, thx

- Status changed from New to Closed

We won't reload the repository on view of the activity page. The linkified files on the revision view have been added in r3659 for #5164.
