

Redmine - Feature #2364

Make the "jump to project" combo should navigate to the same current page in the selected project

Description

When I am reviewing issues or activity for a project, I often wish to view the same page for another project.

The "jump to project" combo provides an easy way to navigate quickly to another project, but the landing page is always the Overview. I think navigation would be quicker with this behavior.

Agree. Would be very neat.

#2 - 2008-12-30 15:23 - Jean-Philippe Lang

- Status changed from *New* to *Resolved*
- Target version set to *0.8.1*
- Resolution set to *Fixed*

Feature added in [r2210](#).

The tab is now preserved if possible.

#3 - 2009-01-04 15:52 - Jean-Philippe Lang

- Status changed from *Resolved* to *Closed*

Merged in 0.8 branch.
