Description
I'm using Redmine 3.3.0 with CKEditor. Because of the HTML tags the description diff is unreadable. Is there a way to enable HTML in the description diff or any other solution for this problem?

Any update?

#5 - 2019-09-17 09:55 - Go MAEDA

- Status changed from New to Closed

- Resolution set to Wont fix

Redmine does not allow raw HTML in fields such as description and subject for security reasons.
