

Redmine - Feature #2375

Add select watcher option to the New Issue page

Description I have found that there were some issues related to this feature, but none is same as this one. Since I thought that this feature's request is much clearer than others and maybe is not difficult to implement, I add this issue. At now, we have lots of issues that need some watchers, and what we are doing is to: add a new issue -> save it -> add some watchers -> immediately update it. So I suggest to add this feature. If you agreed with me, I can upload a patch of that. What do you think?			
Related issues: Is duplicate of Redmine - Feature #398: Watcher list when new issue Closed			

History

#1 - 2008-12-22 19:29 - Jean-Philippe Lang

- Status changed from New to Closed
- Resolution set to Duplicate

I close it since it's really the same request as [#398](#). I prefer that you comment this ticket rather than creating a new one, it makes easier to track updates.
But feel to upload a patch for this. It should be pretty easy to do.

#2 - 2008-12-22 20:20 - Jean-Philippe Lang

Actually, feature is committed in [r2164](#).

#3 - 2008-12-23 14:02 - Chaoqun Zou

I am very happy to hear that. ^ - ^

And I think that the issue [#515](#) Add 'watchers' pro-actively is completed, too. Maybe you can close it as well.
