| My LDAP not authentication... Please help meeeeeeeee... | | | |

History

#1 - 2016-09-23 05:30 - Tulgaa Tsogtoo

- File 1111.JPG added

My LDAP not authentication... Where is my 500 client users??????? Please help meeeeeeeee...

#2 - 2016-09-23 18:50 - Marc Vollmer

The users are created on the fly when they login. Only users who logged in will be shown there.

If you want to sync the users (import them before they login) you need to use the LDAP Sync Plugin.

#3 - 2016-10-10 18:33 - Toshi MARUYAMA

- Status changed from New to Closed

- Priority changed from High to Normal

- Resolution set to Invalid

Please use forum for question.
