Description

Thank you for developing such a wonderful tool.

I wanted to have the link of "Planning" displayed in "Issues" by linking on side-bar as well as "Overview", and the tag of "Planning_links" existed when I confirmed "App/views/issues/_sidebar.rhtml".

I deleted the 9-17th line, and inserted the following in the first line.

("Planning" was moved most up because of thinking that that is more natural.)

```
<% planning_links = []
  planning_links << link_to_if_authorized(l(:label_calendar), :controller => 'issues', :action =>
'calendar', :project_id => @project)
  planning_links << link_to_if_authorized(l(:label_gantt), :controller => 'issues', :action => 'ga
ntt', :project_id => @project)
  planning_links.compact!
  unless planning_links.empty? %>
<h3><% = l(:label_planning) %></h3>
<% = planning_links.join(' | ') %>
<% = call_hook(:view_issues_sidebar_planning_bottom) %>
<% end %>
```

A part of of this to quote from the 59-66th line of "App/views/projects/show.rhtml", and is putting of the hand.

Though it might be not correct.

Especially, part of "Aaa""call_hook...".

Redmine version 0.8-stable <u>r2146</u>
Ruby version 1.8.6 (i486-linux)
RubyGems version 1.1.1

Rails version 2.1.1

History

Especially, part of "Aaa""call_hook...".

"Aaa" :I forgot to erase.

#2 - 2008-12-29 13:47 - Jean-Philippe Lang

I'm not able to reproduce this problem. These links are properly displayed if the user has the appropriate permissions. Please give the exact steps to reproduce.

#3 - 2009-01-05 10:28 - ko simo

I'm very sory.

There was no problem when 0.8.0 was set up and confirmed. It troubled you.

#4 - 2009-02-26 05:18 - Brad Rushworth

2025-05-17 1/2

- Status changed from New to Resolved

Seems the problem was corrected.

#5 - 2010-10-18 06:35 - Mischa The Evil

- Status changed from Resolved to Closed
- Resolution set to Invalid

Thanks for the feedback.
