

Redmine - Defect #2423

functional test error - RepositoriesCvsControllerTest / test_entry_not_found

2008-12-31 10:34 - yves dufour

Status: Closed	Start date: 2008-12-31
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Affected version:
Resolution:	
Description	
<pre>def test_entry_not_found get :entry, :id => 1, :path => ['sources', 'zzz.c'] assert_tag :tag => 'div', :attributes => { :class => /error/ }, :content => /The entry or revision was not found in the repository/ end leads to an error.... as in application.rb, the render_error method renders nothing ! def render_error(msg) flash.now[:error] = msg render :nothing => true, :layout => !request.xhr?, :status => 500 end bypassed by testing the flash[:error] assert flash[:error], "The entry or revision was not found in the repository"</pre>	

History

#1 - 2008-12-31 11:50 - Jean-Philippe Lang

leads to an error

Once again, tests pass for me.

So if you've got a failure or an error, please post the failure with the error stack trace if any. I can't guess what happens when **you** run the tests.

as in application.rb, the render_error method renders nothing !

You're wrong. It renders the layout (that include flash messages).

#2 - 2009-01-03 17:25 - Jean-Philippe Lang

- Status changed from New to Closed
