Redmine - Patch #2425

Admin Info Screen: Display if plugin assets directory is writable

2008-12-31 12:09 - Marc Liyanage

Status: Closed Start date: 2008-12-31 **Priority:** Normal Due date: Assignee: % Done: 0% Category: Administration **Estimated time:** 0.00 hour Target version: 0.8.1

Description

This patch adds an additional line to the Admin info screen that shows if the plugin assets directory is writable. On my installation, I only learned about this requirement from e-mail messages by a cron job.

I don't know how to go about the localizations, I only put in English. Feel free to change/adapt/discard the patch however you see fit...
