Redmine - Defect #24311

Project field disappears when target project disallows user to edit the project

2016-11-09 16:58 - Luka Lüdicke

Status:	Closed	**Start date:**	
Priority:	Normal	**Due date:**	
Assignee:	Jean-Philippe Lang	**% Done:**	0%
Category:	Issues	**Estimated time:**	0.00 hour
Target version:	3.3.2		
Resolution:	Fixed	**Affected version:**	3.3.1

Description

Issue

1. Editing the Project Field in an Issue reloads the form
2. On Reloading / Rendering the project field is excluded if the user is not allowed to **change** the project_id for issues in that project
3. The field disappears when the user clicks on a project where changing the project field is not allowed
4. The issue cannot be moved to the other project by that user, however: The list of target projects is calculated by the right to create issues in that project. This means that there is a mismatch.

Goal

The project field should not disappear on selection of a project, either by showing the field more often (lax approach) or reducing the target projects list.

Suggestion

My suggestion for the lax approach is:

```
# app/views/issues/_form.html.erb
- <% if @issue.safe_attribute?('project_id') && (!@issue.new_record? || @project.nil? || @issue.copy?) %>
+ <% if (@issue.safe_attribute?('project_id') || @issue.allowed_target_projects.include?(@issue.project_id) ) && (!@issue.new_record? || @project.nil? || @issue.copy?) %>
  <p><%= f.select :project_id, project_tree_options_for_select(@issue.allowed_target_projects, :selected => @issue.project), {:required => true},
                  :onchange => "updateIssueFrom('#{escape_javascript update_issue_form_path(@project, @issue)}', this)" %></p>
  <% end %>
```

Revision 15959 - 2016-11-18 12:56 - Jean-Philippe Lang

Project field disappears when target project disallows user to edit the project (#24311).

Revision 16047 - 2016-12-03 09:42 - Jean-Philippe Lang

Merged r15959 (#24311).

History

#1 - 2016-11-11 11:32 - Luka Lüdicke

- File issues_form.diff added

#2 - 2016-11-18 12:57 - Jean-Philippe Lang

- Status changed from New to Resolved

- Assignee set to Jean-Philippe Lang

- Target version set to 3.3.2

- Resolution set to Fixed

Fixed in [r15959](#) using a slightly different solution and tests added.
Thanks for pointing this out.

#3 - 2016-12-03 09:42 - Jean-Philippe Lang

- Status changed from Resolved to Closed
