Description

I got an error message while trying to upload a file into a redmine issue.
I had this in the log file:

ActionView::Template::Error (5000540775 is out of range for ActiveRecord::Type::Integer with limit 4):
1: <%= "(#{l(:field_private_notes)}) " if @journal.private_notes? -><= l(:text_issue_updated, :id => "##{@issue.id}", :author => @journal.user) >

The file I tried to upload was named **5000540775.HTM**.
I had to rename the file to **FILE5000540775.HTM** to be able to upload it.

Thanks in advance.

Aniss
